Project Manager

If you have a passion for collaboration, a drive for results and a commitment to exceed client expectations, consider becoming a Project Manager with Star. We specialize in the custom design & manufacturing of trade show and retail store environments for an array of Fortune 1000 clients. Our Project Manager ensures that every project is delivered on time, within budget, and meets our client's expectations. As a member of the Project Engineering team, you will lead complex projects and partner with internal teams to develop innovative marketing solutions for an assigned client group. Our Project Manager plays a critical role in managing a significant segment of our client's business through the following responsibilities:

- Partner with Creative to develop new product designs and costs prior to initiating projects.
- Provide value engineering recommendations, technical drawings, material sourcing options, and cost estimates for specific projects.
- Support Production with project direction, proactive communication of changes, and set-up or installation assistance as necessary.
- Ensure flawless execution by personally managing all types of projects, from new retail and corporate interiors, to tradeshow and events.
- Occasional travel to trade shows, retail installations, and client locations is required.

At this time, Star has positions available within our Project Engineering department. The ideal candidate will possess a collaborative spirit, a commitment to exceeding client expectations, fanatical attention to detail, and an exceptional ability to manage projects, timelines and relationships. Strong communication skills and success at managing details and teams in a fast-paced environment are essential. Candidates with experience working in retail or tradeshow manufacturing environments and possessing an understanding of the dynamics of fixturing, visual merchandising, store rollouts or tradeshow will be given preference. AutoCAD experience is a plus.

Star offers a competitive salary and full benefits in an engaging and collaborative work environment. Qualified candidates committed to making a strong impact in a thriving organization are encouraged to submit a resume and salary history to: Human Resources, Star, 6688 93rd Avenue North, Minneapolis, MN 55445 or email hr@engagestar.com.
